

Call for Papers - Virginia Regional Meeting of Phi Alpha Theta

The Department of History at the University of Lynchburg is pleased to host the 2023 Virginia Regional Phi Alpha Theta Conference on Saturday, **April 1, 2023**. The conference provides an opportunity for undergraduate and graduate students of history to present their research in a friendly and professional environment.

We invite students to submit proposals that address any region, period, or historical theme. Students are encouraged to present projects and papers that they have completed in previous courses as well as preliminary research findings in current courses. All students of history are encouraged to present and participate, but only members of Phi Alpha Theta are eligible to compete for awards.

Proposals are due by Monday, February 13, 2023. Proposals should include the student's name, email address, institution, status (undergraduate or graduate), PAT membership status (member or not), paper title, and an abstract of up to 250 words. Students should submit their proposals to their chapter advisor. We ask that faculty advisors forward the proposals electronically as a single Word document to Dr. Lisa Crutchfield at crutchfield_ll@lynchburg.edu. Papers will be selected for presentation and organized into sessions based upon themes determined from the abstract. Final papers eligible for judging in the paper competition must be submitted by the chapter advisor in Word format to crutchfield_ll@lynchburg.edu by Monday, February 27, 2023 (max of 28 pages).

Presenters at the conference should plan for a 15-20 minute presentation, or 8-9 pages (1500-2000 words). Time will also be allotted for audience questions after the presentation.

Additional information about registration, maps of campus, and the conference schedule will be forthcoming. If you have any questions or need additional information, please contact Dr. Lisa Crutchfield at crutchfield_ll@lynchburg.edu.

We look forward to seeing many of you in Lynchburg in April!
